Forecast For Northwest England
Issued by Met Office Exeter
at 1600 on Tuesday 30 Mar 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Sunny spells and overnight frosts, very warm on Wednesday.

This Evening and Tonight:
A dry night with plenty of clear skies across the region, although some patchy low cloud is possible. Feeling mild for most with light winds. Minimum temperature 6 deg C (43 deg F).

Wednesday:
A dry day with patchy cloud, but with plenty of sunny spells, and then turning cloudier into the night. Feeling very warm, especially away from any coastal winds. Maximum temperature 21 deg C (70 deg F).

Outlook for Thursday to Saturday:
Temperatures move back down to average into this period, with sunny spells and patchy cloud. Cold in the nights, with frosts possible.
